## FIM MXGP/MX2/ Women's Motocross World Championships

### 2021 Calendar UPDATE, 10 September

The FIM and Infront Moto Racing would like to confirm the following changes that have been applied to the 2021 FIM Motocross World Championship calendar.

There have been unavoidable updates to the 2021 FIM Motocross World Championship due to the ongoing COVID-19 restrictions, but Infront Moto Racing together with the FIM, FIM Europe and all the organisers have been working hard to maintain a full racing calendar for one of the most competitive seasons of MXGP.

As a result, the MXGP of Portugal that was originally scheduled to take place on the 23-24 of October and the overseas races, MXGP of Argentina, MXGP of Asia and MXGP of Bali will no longer take place this year, but they will be postponed to 2022 and instead will be substituted by a triple-header in Pietramurata with the MXGP of Trentino (23-24 October), MXGP of Pietramurata (26-27 October) and MXGP of Garda (30-31 October) and two events in Mantova for the MXGP of Lombardia (6-7 November) and MXGP of Città di Mantova (9-10 November).

The FIM and Infront Moto Racing would like to thank all the stakeholders for their understanding in this difficult situation as the aim is to present the most complete FIM Motocross World Championship season of racing with some incredible action by the MXGP and MX2 stars who continue their battle for the title.

Revised calendar:

Date	FMNR	Venue	Country	Women

#### About the FIM ([www.fim-moto.com](http://www.fim-moto.com))

The FIM (Fédération Internationale de Motocyclisme) founded in 1904, is the governing body for motorcycle sport and the global advocate for motorcycling. The FIM is an independent association formed by 115 National Federations throughout the world. It is recognised as the sole competent authority in motorcycle sport by the International Olympic Committee (IOC). Among its 50 FIM World Championships the main events are MotoGP, Superbike, Endurance, Motocross, Trial, Enduro, Cross-Country Rallies and Speedway. Furthermore, the FIM is also active and involved in the following areas: public affairs, road safety, touring and protection of the environment. The FIM was the first international sports federation to impose an Environmental Code in 1994.
